

# MaddlesMade

Hi all,

It's December — how wild is that? Hope it's been cosy so far!

This will be the last email from me for the year, so I just wanted to quickly pop in and let you know where you can shop MaddlesMade goodies this silly season... just in case you're thinking of treating someone special to some colourful gifts.

### Where to Shop (Vancouver locals)

[Slice of Life Gallery](#) (Venables St/Commercial Dr in East Van) is the best place to find my work in person. It's packed with local art and all kinds of awesome pieces from independent makers.

You can also find a selection of my products at the [Pitt Meadows Art Gallery](#) this year.

### Online Shopping for Everyone (free pick up for locals)

You can always shop online anytime on my website. I can ship anywhere in Canada for a flat rate of \$13, or you're welcome to choose free local pickup. If you choose this, I will email you to arrange a pick up time from my East Van studio (Corner of Victoria Dr and East Hastings).

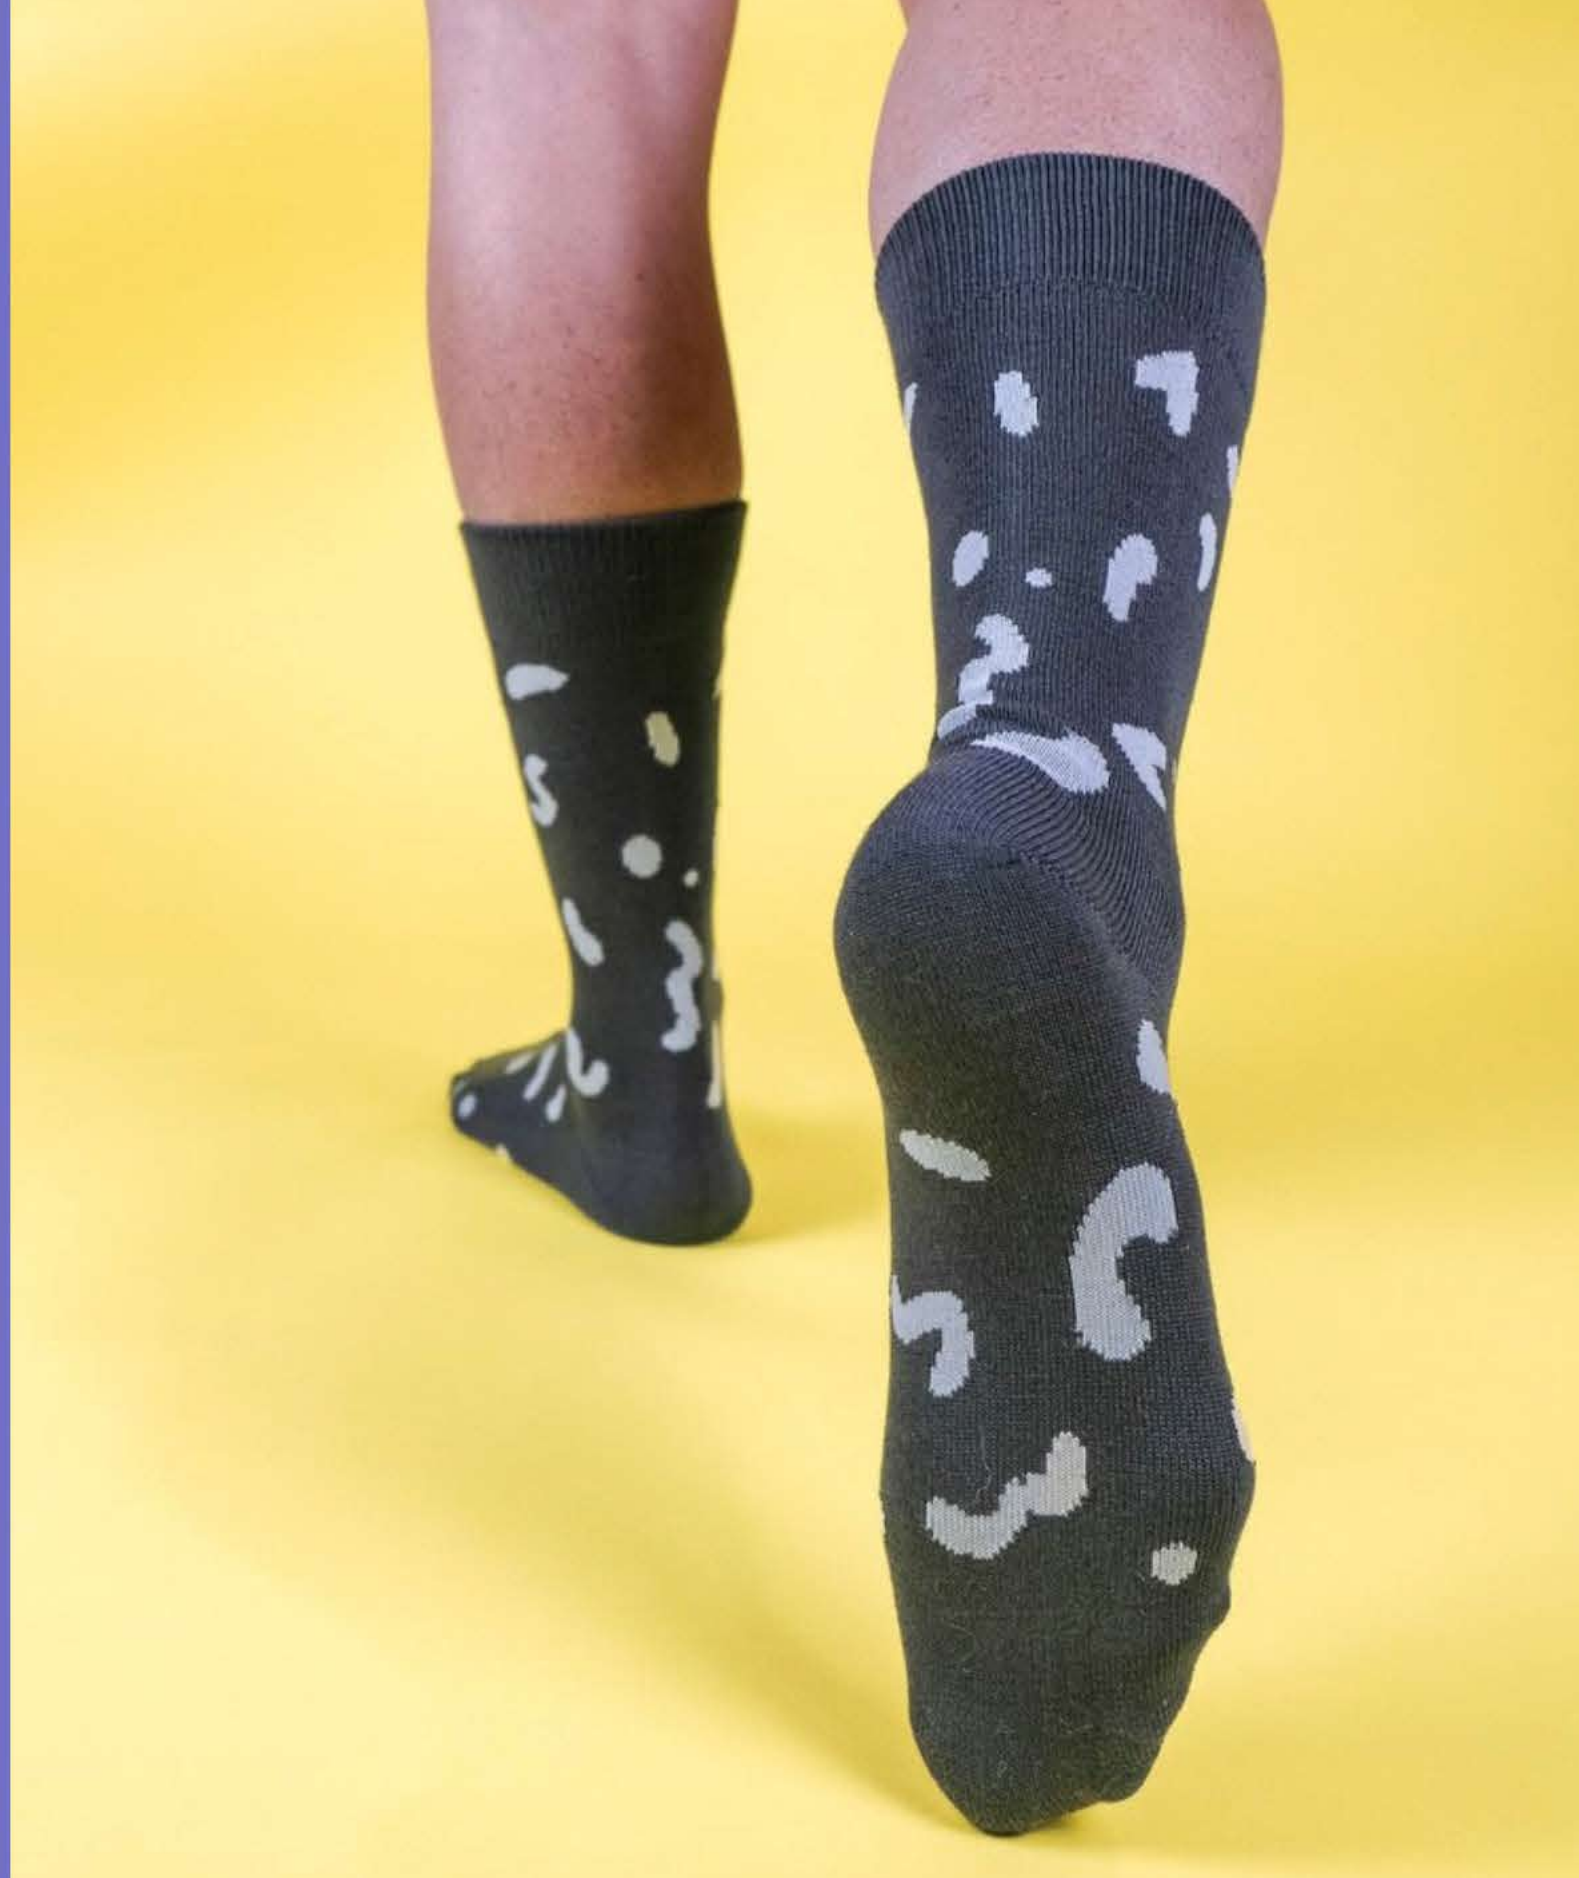

### What's New?

I've made a whole bunch of colourful, one-of-a-kind fanny packs over the past few weeks — they're super fun and made from my collection of scraps and dead stock fabrics.

There is only a few available online - you will find some extras at the previously mentioned stockists.
